What's in this pack

Hi, I'm Dennis Li. I write the Panda Ink Press HSK workbooks. These pages are copied unchanged from three of the books, so what you print here is exactly what you'd get in the full versions. Everything follows the HSK syllabus published in November 2025, the one the new HSK 3.0 exam is built on.

PACK PAGES	FROM	WHAT IT IS
3–6	HSK 1 Vocabulary Workbook	Unit 1 (words 1–10): meaning, pinyin, an example sentence and tracing boxes for each word, then the practice page and its answers.
7–10	HSK 1 Vocabulary Workbook	Word index: all 300 HSK 1 words with pinyin and meaning.
11–14	HSK 1–2 Character Writing Workbook	The first four characters (一 八 儿 二), each with stroke order and a full page of tian zi ge squares.
15	HSK 1–2 Character Writing Workbook	A blank mi zi ge practice sheet. Print as many as you need.
16–17	HSK 1–2 Character Writing Workbook	Pinyin index of all 100 HSK 1–2 handwriting characters.
18–23	New HSK 1 Practice Tests	Practice Test 1: cover page, listening part 1, reading parts 1 and 2, and the answer key with explanations.
24	—	The rest of the series.

A few practical notes

Page numbers. The small numbers at the bottom of each page, and references like "answers on page 104", are from the full books. Use the table above to find your way around this pack.

Listening audio. The audio for Practice Test 1 is free at hsk.teemate.net/hsk1, or scan the QR code on the test cover page. You only need listening part 1 for this pack; the full book has all four parts and six tests.

Printing. The pages are US Letter (8.5 × 11 in). On A4 paper, choose "fit to page" in your print settings. A pencil works better than a pen in the small squares.

Sharing. You're welcome to print as many copies as you like for yourself, your students or your class. Please don't sell the file or upload it somewhere else; send people to the download page instead.
